Dear Casey:

Please send me a 367th LOGO "T" Shirt...MEDIUM size, if you have them now, if not...I'll have to settle for the Large.

I do HOPE and Pray, that the Logo is of the Old, ORIGINAL design, and not the current repugnat, repulsive, revolting, disgusting replica of the good old original!!!...I'm still shocked, astounded and amaised, that The "WHOM-SO-EVERS" could have accepted such a Vile imatation of our good old ORIGINAL EMBLEM!!...It is an unforgivable insult to our pride and Prestige, and is un=forgivable for such an insult!

All that said, I enjoy the "ECHOS" greatly, and appreciate the great effort you've shown in Producing and distributing the the issues.

You have done a great and commendable service, and I'm sure all the others would agree....Keep up the fine work!!!!

...In closing, I just got word that my dear old Buddy, Dr. JohnW. Hall 1311 W. Elm, Breckenridge, Tx 76424 passed on.

Will belt down a double Scotan to his memory, and the Great, and many times Scarry times we've injoyed in the Past.

Sincerely yours,

James L. Dunn
