

July 26, 1989

Dear Hugh

I was in the 306 Bomb group in England. Would you please send me information on your reunion in Sept. I am interested in coming.

Sincerely

Jack Hamilton

Jack Hamilton

5 December 1989

Dear Jack:

I came across my note, made during a onversation with you at Little Rock, and pertaining to some of your crew members.

Kaminski I have no trace of as to where he is.

Currie died in February 87 at Alma.

Ambler died 20 Aug 1960, place unknown to me.

Sorry I can't be more helpful than that.

Hope all is going well for you this winter, and that the chill blains have not settled in as yet. We get some cold snaps here, but then it warms up within two days to something tolerable.

After Christmas we will be heading up to Columbus for some more Christmas with one son from Michigan and the one who now lives in Ohio. So I suppose we may run into some chills then.

Affairs for San Antonio are beginning to shape up, and I look forward to seeing you then.

All the best,
