Dear Mr. Strong,

My ^{CHAPP} apologies for ^{ME.} not replying sooner.
As I was unsure of the date, I had to
drive to the cemetery to check the headstone.
I hope the information is helpful.

As my father's military records and
memorabilia were destroyed when I was only
a boy, and as all his brothers and sisters
have passed on, I am very interested in
any information related to his wartime
contributions. I would be more than happy
to make a donation to your research if it
would be possible to obtain information regarding
the units my father served in. If you are
publishing your work, I am interested.

Yours truly,

Randall M. Lucas
