Dear Mr. Collins,

My name is Ferman John Millette, Jr. I was a pilot with the 306 Bomb Group - 423 Squadron. I was stationed in Thurligh, England in the spring of 1944, and flew 32 missions. I left England in late 1944.

I have lost contact with my group. Your help will be appreciated in locating ^{any of} them. One special friend was E. W. Locke O-809825. He served with the 306 Bomb Group at the same time as I did.

I would appreciate any information on reunions and other events.

My serial number was 0809848.

Thank you very much -
Sincerely,

F. J. Millette Jr.
