Dear Russell,

368th Squadron

Last year I was able to locate 3 crew members through the Veterans Administration -- by giving their names and serial numbers. I wrote to each member which were forwarded to them via the U.A. Two had passed away, the third, Ned McKinney, attended the Little Rock Reunion along with 4 others from the crew.

I have been investigating, using Social Security, to help find our missing members. If I can supply the name, birthdate (month, day, year) place of birth, or names of parents--Social Security can make contact.

I know that date of birth, and place of birth, are on the service records. If you have these records or have access to them - we are trying to locate

J. WEBSTER Beck - navigator

Lewis F. Warren--engineer 38345252 (LEWIS F.)

Russell--if you can supply the date and place of birth we will be close to making contact.

Thank you for your help--and George Faulkner will thank you too!

Thanks,
Leon J. Oppen
