*The Nature Conservancy is an international, non-profit conservation organization dedicated to the preservation of plants, animals and natural communities that represent the diversity of life on Earth and the protection of the lands and waters they need to survive. Since 1951, it has protected more than 10.4 million acres and now manages the largest private system of nature sanctuaries in the world. The Conservancy is supported almost entirely through private, tax-deductible contributions.*

Mr. Lucien Peters  
11910 Cedar Ln.  
Kingsville, MD 21087

Lucien,

Just a short note to inquire about my request for a copy of the missions in which I ~~participated~~ <sup>participated in</sup> (my records were lost at one time, & I was told never to keep a personal diary.) This request was made several years ago. At your request, I sent to you a "cost factor" - this fact is not important. If you could/can not locate this information, I will understand, however, please advise at your convenience.

Lucien F. Peters
