Dear Sir

We have a change of address for William A Taylor to receive his copy of Echoes which I enjoy reading to him because as you know he cannot see to do so.

Also I would like to mention I sent \$10⁰⁰ to the Assoc in our name and \$10⁰⁰ a separate check requesting a copy of Echoes be sent to my brother in England, he still works at Thurligh and would enjoy this, to date he has not received one copy. My check was cancelled July 8, 1989 by Dale Bruce. Appreciate if you would check this.

Thanking you
Audrey H Taylor

I am writing this for Bill who
is almost Blind

Dear Sir

I just wonder if you might find space sometime in the Echoes for this request as I know that my parents had a great number of G.I.'s at their house especially before and after air raids

Request

We are sending a copy of Oct 1986 Echoes to Mrs Olive Green (Leslie) formerly The Row, Keysoe Beds, any combatant who spent evenings at her home, when the "going was tough" instead of going into Bedford might like to send her a card as she is now in her eighties housebound and confined to a wheelchair. Her address is
