St. Louis University

St. Louis, MO 63103

Dear Father Biondi:

I am writing to ask if your office can give me any information on a man whom I am informed was once a member of the St. Louis University faculty. This may have been back in the late '50s or early '60s.

If indeed he did teach there at one time, perhaps some of the faculty members in his department might know current information about him.

He is/was Alban F. Varnado, who served in combat in the Eighth Air Force during WWII, as a navigator for this bomb group. Someone told me in the past that they had seen him and he was teaching philosophy at that time at St. Louis.

Any assistance you can give will be greatly appreciated.

Sincerely yours,
