

Clarence, Mo.
Nov. 26, 1986

Mr. Donald R. Ross
President of the 306th B.G.

Dear Judge

Congratulations on your new office of the
306th after seeing you preside during the Convention
in Omaha I know the 306th is in good hands.

This is an idea (maybe a poor one) on
how to raise money for the 306th I am one
who failed to send \$20.00 to have my name
engraved on the 306th marker in England.

So I would be willing to pay \$50.00 - \$75.00 - \$100.00
to have ~~it~~ my name added or put on another
stone. If there is enough new members or
others like myself to make it worth while I
would be happy.

Thank you for all the good work
you have done for the 306th

Mr. Robert J. Vickers
Rt. 1, Box 1
Clarence, MO 63437

Dear Bob:

Your letter ~~was~~ 26 Nov to Don Ross has been passed along to me for an snwer.

Both Don and I are a bit at loss to explain your inquiry. There are no names engraved on the monument at Thurleigh. I have a number of pictures showing the monument from all angles and the only wording on it is the plaque.

You have a fine idea for raising money, but if each of us wanted to have our name put on it it would take a much larger monument, and I think we now have all we can take care of.

Good to hear from you, anyway.

Sincerely yours,

Russell A. Strong
Secretary

Russ.

We are passing
this on to you in
case you haven't
heard from Bob.

See you soon

Dale

Aug 24 1993

Hello Dale & Bette

We are sorry we won't be seeing you at the Seattle Reunion.

Helen had a hemorrhage April 30, 1993 entered Columbia Regional Hospital ^{Columbia, Mo.} and three days ^{later} was operated on for cancer of the bladder. Had to remove the bladder then adhesions caused the intestine to rupture and she was really sick. Now she is in a Health Care Center and slowly getting along. Nothing to eat for 115 days now they are starting on liquid diet and so far real good. She hopes to be home in about a week I have gone to see her about

every day. (70 miles) *May special joys* unless I stay over night, *brighten your world...*

If we hadn't had real good doctors the outcome would not have been good.

Maybe next year we will meet again and will we have fun. Love

Robert J Vickers
