Dear Sir:

I have been receiving the 306 Echoes for at least 4 years or more. When I first made contact with the fellow from Poland, Ohio, I wanted to make him aware of my father-in-law in Holly Hill, Fla. Donald Lee Wilson.

You even have an account on him in your book "First Over Germany". Anyway his name had appeared in a few of the Echoes issues on rosters. I have noticed in the last few directories his name has not been included. In addition I sent my donations thinking that he also received this quarterly.

He was in the 367th and had a remarkable and bizarre career as most of you fellows did.

It took me 15 years to get him to talk about those days. I have all of his souvenirs and I would like to keep him on your roster because he was one of you and still among the living.

I will continue to support Echoes because I enjoy very much receiving it in the mail.

I would like to purchase your book and would enjoy it if you could sign it to Don Wilson.

Enclosed is a check for 10.00 @ for Echoes for Don & I.; included 20.00 for "Fruit over Germany" (Total 40.00)

Please send the book to me. Thank you.
