INFORMATION:

1. Attention All Ground Safety N. C. O.'s: There will be a meeting of all Ground Safety Non-Commissioned Officers in the conference room at Station Headquarters at 1400 hours 23 Jan 1945.
2. All film, except Kodachrome, Kodacolor and movies, now being received by the Photographic Division of Army Exchange Service, is completely processed, censored and placed in the return mail within fortyeight (48) hours after receipt. The processing time for Kodachrome, Kodacolor and movies is longer, depending upon the facilities and location of the particular film manufacturer. Although these films must be sent to this division, the actual processing is done by the various film manufacturers by special arrangements previously made. 35 mm Kodachrome is processed in London but because of non-availability of labor and materials they cannot be mounted in individual slides. Kodachrome in sheet or cut film form must be sent to the United States for processing. After processing it can either be returned to the sender or forwarded by the manufac-
