SUGGESTION BOX:

SUGGESTION: "Will the proper authorities please print in EB how much..... has been done and any estimate of how long we will be in finishing the job."

ANSWER: Information pertaining to this question is classified (Confidential) and cannot be disseminated. Nor could the complete question itself be published. If S.B. cares to paraphrase the question e.g. "How is present project assignment progress?" the answer could be that progress is satisfactory - more so than at first anticipated. Opinions differ on length of time necessary to complete from November to middle Spring, and these are only guesses.

NOTICE: The following is a TTX received from LAF: Quote. Fol message from Higher Hq quoted for your info and guidance: "Theater commander directs that Labor Day, Monday 3 Sept 1945, be observed throughout the theater as a local holiday. All but essential duties and functions will be suspended on that day." Unquote.
